ADOPTION CONNECTION CLUB

FOR YOUTH AGES 7-11

Adoptions of Indiana is pleased to be offering a session of our Adoption Connection Club! This program is for children in 2nd-5th grade who joined their families through adoption.

The fact is nearly all adoption children are asked questions about adoption by friends, neighbors, classmates, and strangers. Children, especially those ages 7 – 11, need to be prepared to handle these challenging moments. Adoptions of Indiana can help them learn how to respond to these questions through fun adoption-related activities designed especially for this age group.

With Adoptions of Indiana social worker, Allison Montgomery, LCSW, participants will examine adoption in the media, at school, and learn how to handle even those questions that make them uncomfortable and may feel intrusive.
